RULING ON ENTITLEMENT¹

On November 25, 2020, Frances Kraemer filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a left shoulder injury related to vaccine administration (“SIRVA”) as a result of an influenza (“flu”) vaccine administered on November 13, 2019. Petition at 1. Petitioner further alleges that the vaccine was administered within the United States, that she suffered the effects of her injury for more than six months, and that there has been no award or settlement related to her injury. Petition at 1-2. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On October 7, 2022, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report Recommending Compensation and Proffer of Compensation at 1. Specifically, Respondent has concluded that Petitioner's claim meets the Table criteria for a SIRVA. *Id.* at 7. Respondent further agrees that Petitioner has met the statutory and jurisdictional requirements for compensation. *Id.* at 8.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
